

Air Shower Pass Box

◆ Product Description

The special air shower transfer equipment in the clean area can quickly remove the dust on the surface of articles and prevent cross contamination. It has good sealing performance and is suitable for the transfer of various materials in clean environment.

◆ Product Advantages

- Clean and efficient dust removal
- Excellent sealing performance
- Anti-cross-contamination/Prevents cross-contamination
- Easy operation / User-friendly operation
- Wide compatibility

◆ Product Structure

Made of stainless steel, equipped with high-efficiency filtration system and spray device, double-door interlocking design, built-in wind speed adjustment module, stable structure

◆ Application Scenarios

Laboratory clean area, small dust-free workshop, pharmaceutical laboratory, precision instrument production area, material transfer for clean production of electronic components

◆ Technical Features

Material: 304 stainless steel
 Wind speed: $\geq 25\text{m/s}$
 Purification efficiency: $\geq 99.99\%$ ($0.3\ \mu\text{m}$)
 Overall dimension: $800 \times 600 \times 1800\text{mm}$
 (customizable)
 Power: 1.5kW

Item#	Weight	Packing
1.4.21.00.0006	110kg	Individually wrapped
