

# Hot Glue Gun

## ◆ Product Description

Pro'sKit GK-389H is a 100W professional hot melt glue gun designed specifically for efficient bonding operations. Adopting advanced PTC heating technology, it features both fast glue melting and stable glue dispensing performance, suitable for bonding applications of various materials.

- Efficient PTC Heating Element
- Labor-Saving Operation Design
- Long Heated Barrel Design
- Safe and Practical Configuration
- Stable Glue Dispensing Performance

## ◆ Product structure

- Pro'sKit GK-389H Hot Melt Glue Gun adopts an ergonomic design, with an overall structure consisting of a shockproof and heat-resistant gun body plus a core PTC heating element. It combines efficient glue melting and safe operation performance suitable for professional bonding application scenarios.

## ◆ Typical Product Data and Physical Properties

Model: GK-389H

Brand: Pro'sKit

Power: 100W

Material: ABS Shockproof & Heat-Resistant Plastic Handle Surface Plastic

Glue Output: 15-25g/min

## Availability:

Material Code	Model	Weight
1.4.22.00.0017	GK-389H	0.18KG

## ◆ Typical Applications

- Electronics & Electrical: Securing and insulating electronic components, wire fixation, terminal insulation
- Packaging Industry: Carton sealing, packaging fixation
- DIY Crafts: Handicraft making, model assembly
- Home Maintenance: Bonding and repairing materials such as wood, plastic, metal, glass, etc.
- Other Applications: Jewelry making, toy repair, office supplies bonding, etc.
