

## Glass See-Through Window

### Product Description

Industrial grade high borosilicate glass perspective window, metal flange sealing and fixing, compression resistance, explosion prevention and leakage prevention, high-definition perspective, temperature resistance and corrosion resistance, suitable for all kinds of industrial equipment tank observation.

### ◆ Product Advantages

- High borosilicate is resistant to temperature and corrosion
- Compressive
- Explosion-proof and leak-proof
- High-definition perspective without distortion
- Firm flange sealing and strong installation adaptability

### ◆ Product Structure

High borosilicate tempered glass window core, carbon steel/stainless steel metal flange base, high temperature resistant sealing rubber ring, compressive reinforcement metal frame, bolt fixed structure, scratch resistant surface treatment.

### ◆ Application Scenarios

Chemical reaction kettle, industrial pressure tank, hydraulic equipment, water treatment tank, steam generator, power machinery cavity

### ◆ Technical Features

Light transmittance  $\geq 92\%$  Anti-static surface r  
 Working pressure 0-10MPa  
 Temperature resistance  $-40 \sim 200\text{ }^{\circ}\text{C}$   
 Glass thickness 8-20mm  
 Flange diameter DN50-DN300  
 Sealing grade IP65)  
 Impact strength  $\geq 40\text{ J/cm}^2$

Item#	Weight	Packaging Method	Color
1.4.24.01.0143	6.8kg		Black
1.4.24.01.0144	6.8kg		Black
1.4.24.01.0145	6.8kg		Black
