

Humidification Control Box

Product Description

The humidification control box is specially designed for industrial environment, with precise control of humidity parameters, stable and reliable operation, convenient installation and operation, and suitable for the humidity control needs of clean workshops.

Product Advantages

- Accurate humidity control
- Stable operation;
- Convenient installation
- Strong adaptability
- Simple operation
-

◆ Product Structure

Integrated cabinet design, high-definition operation panel, moisture-proof and dust-proof structure, stable control module, safety protection device, standardized interface layout

◆ Technical Features

Humidity control range 20% -80% RH
 Control accuracy $\pm 3\%$ RH
 Working voltage 220V/380V optional
 Power $\leq 500W$
 Protection grade IP54,
 Working temperature 0-50 °C

Item#	Weight	Packaging Method	Color
1.4.24.01.0862	3.5kg	one unit per box	

◆ Application Scenarios

Humidity control of production environment for electronic dust-free workshop, semiconductor workshop, laboratory, pharmaceutical clean area and precision instrument
