

Leister5Mm Quick Welding Nozzle

◆ Product Description

The special 5mm fast welding nozzle for LEISTER welding gun has strong adaptability, uniform heat conduction, high welding efficiency, strong durability, and ensures the welding accuracy.

◆ Product Advantages

- Special fund adaptation
- Uniform heat conduction
- Outstanding efficiency
- Strong durability
- Accurate welding

◆ Product Structure

High-quality copper alloy material, precision processing molding, surface anti-oxidation treatment, interface fit closely, 5mm caliber design.

◆ Application Scenarios

Supporting use of LEISTER welding gun, plastic small bore welding, precision plastic splicing, industrial production welding, repair welding scene.

◆ Technical Features

Adaptable model: LEISTER series hot melt welding gun

Working temperature: $\leq 650\text{ }^{\circ}\text{C}$

Material Code	Weight	packing
1.4.24.02.0162	0.13kg	1Pcs
