

Square Strong Magnetic Protective Cover

◆ Product Description

Square strong magnetic protective cover is used for the protection of strong magnetic components, with sealed square structure, anti-fall, dust-proof and anti-corrosion, easy installation to protect strong magnets and extend service life.

◆ Product Advantages

- Excellent Sealing Protection
- Anti-Fall, Dust-Proof And Anti-Corrosion
- Precise Fit For Size
- Convenient And Fast Installation
- Solid, Durable And Long-Lasting

◆ Product Structure

It adopts an integrally formed square structure, consisting of protective shell, sealing ring and fitting inner lining, with smooth corners, good sealing performance, closely wrapping strong magnets for full protection.

◆ Application Scenarios

It is widely used in electronic equipment, industrial machinery, new energy, instruments and meters to adapt to various square strong magnetic components, protecting them from impact and dust erosion.

◆ Technical Features

Shell Material: Abs Engineering Plastic
 Sealing Material: Silicone Rubber Sealing Ring
 Impact Strength: $\geq 15\text{kJ/m}^2$
 Temperature Resistance Range: $-30^{\circ}\text{C}\sim 80^{\circ}\text{C}$
 Protection Level: IP65

Item Code	Color	Size
1.5.02.04.0014	Transparent	49*49*37MM
