

## HP-100 Digital Display

### Torque Tester

#### ◆ Product Description

This hp-100 digital torque tester is a third-generation electric screwdriver/air screwdriver torque meter, digital display design, accurate measurement, easy operation, fast response for torque detection.

#### ◆ Product Advantages

- Hp-100 Model, Third-generation Upgrade, Better Performance.
- Digital Display Design, Accurate And Intuitive Measurement.
- Suitable For Electric Screwdriver/Air Screwdriver, Wide Detection Range.
- Easy To Operate, Fast Response And High Efficiency.
- Stable Performance, Reliable Detection Results.

#### ◆ Product Structure

It is an integrated detection structure, equipped with digital display panel and detection interface, built-in accurate sensing components, compact structure, reasonable operation panel layout, fast response and stable detection.

#### ◆ Application Scenarios

It is suitable for electronic processing, machinery manufacturing, hardware assembly and other scenarios, used for torque detection and calibration of electric screwdrivers and air screwdrivers, accurate and convenient.

#### ◆ Product Data and Physical Performance

Main Material: High-quality Electronic Components, Stable Performance.

Detection Performance: Digital Display Accurate, Small Error.

Response Performance: Fast Response, High Detection Efficiency.

Adaptability Performance: Suitable For Electric/Air Screwdriver, Strong Versatility.

Durability Performance: Reliable Quality, Long Service Life.

Material Code	Weight	Packaging
1.5.07.03.0010	3kg	1set/carton
