

## Tension and Compression

### Hook Needle

#### ◆ Product Description

Push-pull crochet hook is used for pulling and hooking various wires and fabrics, with smooth and burr-free needle, comfortable grip, smooth pushing and pulling, suitable for multiple scenarios, accurate and non-damaging.

#### ◆ Product Advantages

- Smooth Needle Without Burrs
- Comfortable Grip And Labor-Saving
- Smooth And Flexible Pushing And Pulling
- Not Easy To Damage Workpieces
- Accuracy Accurate And Convenient Operation

#### ◆ Product Structure

It consists of precision-processed needle and ergonomic handle, with uniform needle thickness, non-slip handle, firm connection between handle and needle, compact structure and smooth pushing and pulling.

#### ◆ Application Scenarios

It is widely used in textile, electronics, handcraft, wire processing, maintenance and other scenarios, for hooking and pulling yarn, wires, thin lines, suitable for various light and regular wire operations.

#### ◆ Technical Features

Needle Material: High Carbon Steel  
 Handle Material: Pp Engineering Plastic  
 Tensile Strength:  $\geq 300\text{MPa}$   
 Needle Hardness: Hrc55-60  
 Handle Anti-Slip: Concave-Convex Texture  
 Anti-Slip

Item Code	Color	Model
1.5.07.05.0160	Glod	DAGE-4000-HK-5-2
