

## ESD Electric Batch

### ◆ Product Description

SD-A450L Anti-static Electric Screwdriver Black appearance with an anti-static housing, torque range of 1-10kg, comes standard with a 5mm screwdriver bit. Its resistance value and tip voltage meet the specified standards, making it suitable for precision anti-static operations.

### ◆ Product Advantages

- Eliminate electrostatic interference entirely
- Enable flexible adjustment
- Be ready for immediate use
- Deliver stable performance
- Provide precise anti-static protection

### ◆ Product Structure

The black body is constructed with an anti-static housing and equipped with a torque adjustment structure, and comes standard with a 5mm screwdriver bit. Its resistance value and tip voltage conform to the industry standards, featuring a compact structure for easy operation.

### ◆ Application Scenarios

It is applicable to scenarios including electronic assembly, PCB board processing, precision instrument assembly, etc. It effectively eliminates static electricity, prevents component damage, and ensures safe and efficient anti-static operations.

### ◆ Technical Features

Model: SD-A450L  
 Color: Black  
 Torque: 1-10kg  
 Material: Anti-static Housing  
 Standard Accessory: 5mm Screwdriver Bit  
 Resistance: 10E4-10E9Ω  
 Tip Voltage: < 20mV

Item#	Model	Colour	Weight
1.5.12.01.0014	SD-A450L	Black	2kg
