

## Fully Automatic Electric Screwdriver

### Product Description

Fully Automatic Electric Screwdriver is a rechargeable fastening tool. Intelligent forward/reverse, stepless torque adjustment, auto start/stop, light body with long battery life for higher efficiency.

### Product Advantages

- Intelligent Forward/Reverse
- Adjustable Torque
- Auto Start/Stop
- Rechargeable Long Battery Life
- Light & Easy to Operate

### ◆ Product Structure

Consists of high-torque motor, lithium battery, non-slip handle, torque knob. Built-in speed control chip, quick-change bit interface, bottom Type-C fast charging port.

### ◆ Application Scenarios

Suitable for furniture assembly, electronic production, home appliance installation, decoration, precision assembly. Fastens/removes all screws for industrial production and daily maintenance.

### ◆ Technical Features

Material: High-torque motor, 12V lithium battery, anti-slip & sweat-resistant handle, built-in intelligent speed control chip, Type-C fast charging port

#### Specs

Torque Adjustment: 0.5–30N•m

Speed: 0–2000r/min

Battery Life: ≥8h

Charge Time: 2–3h

Bit Chuck Size: 6.35mm

Net Weight: ≈0.8kg

Torque Gear Range: 2–15N•m (note: 2–15V in original is likely a typo)

Item#	Weight	Packaging Method
1.5.12.01.0048	BFN B-2015L ( SD-A2015L )	1pr/box , 10prs/carton
