

Full-automatic Push Type Pneumatic Screwdriver

◆ Product Description

Full-Automatic Hand-Press Pneumatic Screwdriver (Model: BFN B-50LB), torque range 7.0~50kgf.CM, pneumatic drive, hand-press trigger, full-automatic locking, sufficient power and high efficiency.

◆ Product Advantages

- Pneumatic drive with sufficient power
- High efficiency of full-automatic locking
- Convenient hand-press trigger
- Wide torque range
- Strong durability and easy maintenance

◆ Product Structure

Adopting pneumatic drive structure, the body is stable and durable, equipped with hand-press trigger component, built-in precise torque control module, compact design, suitable for long-term continuous operation.

◆ Application Scenarios

Suitable for medium and heavy-duty locking scenarios such as hardware processing, furniture assembly and equipment production, strong pneumatic power, full-automatic operation, greatly improving batch work efficiency.

◆ Product Data and Physical Performance

Model: BFN B-60LB

Type: Full-Automatic Wrench-Type Pneumatic Screwdriver

Torque: 15~95kgf.CM

Speed: 550

pneumatic drive, wrench-type grip, stable and efficient

Material Code	Model	Packaging Method	Weight
1.5.12.02.0003	BFN B-50LB	unit/carton	0.81kg
