

Host Bracket

◆ Product Description

Heavy-duty host bracket, 304 stainless steel material, standard size design, equipped with casters, rust-proof and durable, specially designed for supporting and fixing servers and hosts

◆ Product Advantages

- 304 Stainless Steel, Excellent Quality
- Caster Design, Flexible Movement
- Strong Load-bearing Capacity, Safe And Stable
- Rust And Corrosion Resistant, Long Service Life
- Standard Size, Wide Adaptability

◆ Product Structure

Composed of stainless steel bracket main body, caster components, reinforced beams, integrally welded and formed, stable load-bearing structure, casters with brakes, convenient to move.

◆ Application Scenarios

Suitable for data center servers, industrial control hosts, network equipment rooms, used for equipment support, movement and fixation, improving room management efficiency

◆ Product Data and Physical Performance

Main Material: 304 Stainless Steel

Caster Material: Polyurethane

Load-bearing Capacity: $\geq 100\text{kg}$

Size: Standard Specification

Surface Treatment: Natural Stainless Steel Color

Material Code	Weight	Packaging
1.5.14.00.0026	0.8kg	1 piece/box
