

Automatic Tape Cutter

◆ Product Description

Automatic Tape Cutter (Model: BFN B60), can clamp two rolls of tape and cut synchronously, cutting width 6~60MM, roller-free design, easy operation, suitable for various tape cutting needs.

◆ Product Advantages

- Dual-roll synchronous cutting
- Adjustable cutting width
- Roller-free design
- Convenient clamping
- Suitable for various tapes

◆ Product Structure

Compact body structure, equipped with dual-roll clamping stations, roller-free design simplifies operation process, cutting components are precise and durable, overall simple design, suitable for various desktop operation scenarios.

◆ Application Scenarios

Suitable for electronic packaging, hardware assembly, daily chemical packaging and other scenarios, dual-roll synchronous cutting greatly improves efficiency, roller-free design avoids tape jamming, adapting to different width needs.

◆ Product Data and Physical Performance

Model: BFN B60

Type: Automatic Tape Cutter

Function: Dual-roll synchronous clamping and cutting

Cutting width: 6~60MM

Roller-free, precise cutting, easy operation

Material Code	Weight	Packaging Method
1.5.17.00.0005	2.4kg	1Set
