

Multifunctional Welding Table

◆ Product Description

Multifunctional integrated desoldering station, supporting hot air, soldering iron, tin suction multi-mode, flexible operation, suitable for complex electronic components desoldering maintenance.

◆ Product Advantages

- Comprehensive functions
- Flexible operation
- Efficient desoldering
- Precise temperature control
- Wide adaptability

◆ Technical Features

Soldering iron temperature: 150-480 °C;
Hot air temperature: 50-600 °C

◆ Product Structure

Modular design, integrated hot air gun, electric iron, tin absorber function, intelligent control panel, anti-static body, good heat dissipation.

Material Code	Weight	packing
1.5.18.04.0008	1kg	1 Pcs

◆ Application Scenarios

Electronic repair shop, factory repair line, precision instrument disassembly, chip-level repair, laboratory research and development, digital product after-sales.
