

Constant Temperature Hot Air Welding Table

◆ Product Description

Constant temperature hot air desoldering table, constant and accurate temperature, stable hot air output, anti-static design, suitable for high-precision electronic component desoldering.

◆ Product Advantages

- Precise constant temperature
- Stable hot air
- Safe anti-static
- Non-destructive desoldering
- Easy operation

◆ Product Structure

Anti-static metal body, built-in PID temperature control system and efficient heating module, silent fan, adjustable hot air outlet size.

◆ Application Scenarios

High-end electronic equipment repair, chip packaging desoldering, precision PCB board maintenance, semiconductor device processing, laboratory research and development, medical electronic maintenance.

◆ Technical Features

Temperature range: 80-600 °C

Temperature accuracy: ± 2 °C

Material Code	Weight	packing
1.5.18.04.0009	3.31kg	1Set

◆ Remarks
