

Soldering Paste

Product Description

Flux paste adopts high-quality formula, good welding fluidity, excellent wetting performance, no residue and easy to clean, suitable for precision electronic welding, improve welding quality and efficiency.

Product Advantages

- Good fluidity
- Strong wetting power
- No residue
- Easy cleaning
- Efficient welding
-

◆ Product Structure

Uniform paste texture, fine without particles, stable chemical formula, sealed canned design, anti-oxidation packaging, easy to take accurately.

◆ Application Scenarios

Circuit board welding, electronic components assembly, precision instrument welding, mobile phone maintenance welding, household appliances production welding process

◆ Technical Features

Solid content $\geq 85\%$
 Welding temperature 183-230 °C
 Viscosity 80-120Pa · s[Ⓜ]
 Shelf life 6 months (refrigerated)
 Halogen-free
 Wetting time ≤ 3 seconds

Item#	Weight	Packaging Method
1.5.19.03.0038	0.14kg	Individually wrapped
