Heating Table

◆ Product Description

Universal constant temperature heating table, fast temperature rise, stable temperature control, wide heating area, suitable for electronic component welding, material preheating and other scenarios.

◆ Product Advantages

- Rapid temperature rise
- Accurate temperature control
- Uniform heating
- Wide application
- Strong durability

◆ Product Structure

Stainless steel/aluminum alloy heating panel, built-in high-efficiency heating core and temperature control module, anti-scald shell, adjustable bracket.

◆ Application Scenarios

Welding and preheating of electronic components, PCB board processing, material softening treatment, laboratory heating experiment, auxiliary heating for industrial production.

◆ Technical Features

Temperature range: room temperature-300 ℃; Heating area: 100×100mm-300×300mm (optional)

Material Code	Weight	packing
1.5.19.05.0007	3.37kg	1Pcs
