

## Solder Sucker

### ◆ Product Description

Manual/electric tin suction device, strong tin suction, convenient operation, suitable for cleaning residual tin when desoldering electronic components, anti-scalding design, safe use.

### ◆ Product Advantages

- Strong tin absorption
- Convenient operation
- Anti-scald safety
- Thorough cleaning
- Portable and practical

### ◆ Product Structure

Engineering plastic/metal shell, built-in vacuum tin suction pump (electric model), anti-scalding handle, removable and washable tin suction head, good sealing performance.

### ◆ Technical Features

Suction range: 0.02-0.08 MPa

Tin suction head caliber: 0.8-2.5mm (optional)

Material Code	Weight	packing
1.5.20.00.0001	0.112kg	1Ea

### ◆ Application Scenarios

Electronic component desoldering, PCB board residual tin cleaning, mobile phone computer repair, laboratory disassembly, daily use of electronic repair shop.
