

Dual-Head Intelligent Smoke Purifier

◆ Product Description

Dual-head design can purify smoke in multiple areas at the same time, intelligent induction start and stop, high filtration precision, can efficiently absorb smoke, dust and harmful gases, low noise operation, easy to clean, protecting indoor air cleanliness.

◆ Product Advantages

- Dual-head High Purification Efficiency
- Intelligent Induction Start-stop Convenient
- Precise Filtration Thorough Deodorization
- Low Noise Operation No Disturbance
- Easy To Disassemble Clean And Maintain

◆ Product Structure

Dual-head independent air duct design, built-in multi-layer filtration system, high sensitivity of intelligent induction module, tight body sealing to prevent leakage, simple and easy-to-understand operation panel, bottom anti-slip design, overall stable and durable structure.

◆ Application Scenarios

Widely used in welding workshops, electronic processing factories, laboratories, hospitals, meeting rooms, catering kitchens and other scenes, can quickly purify welding smoke, cooking fume and various harmful smoke, improving air quality.

◆ Technical Features

Material: Cold-rolled Steel Plate Shell + High-efficiency Filter Cotton
 Purification Efficiency: $\geq 99\%$; Noise: $\leq 55\text{dB}$
 Air Volume: Adjustable Large Air Volume
 Service Life: Replaceable Filter Element, Durable Body

Item Code	Color	Packing Detail
1.5.21.02.0008	Blue & Black	1pcs/box
