

Selector switch

◆ Product Description

Industrial multi-channel switch supports fast switching of multi-device signals and interfaces, stable operation without delay, wide compatibility and easy operation

◆ Product Advantages

- Multi-channel Switching, Efficient And Convenient
- Stable Signal, Lossless Transmission
- Rich Interfaces, Strong Adaptability
- Plug And Play, Simple Operation
- Sturdy Structure, Long Service Life

◆ Product Data and Physical Performance

Shell Material: Flame Retardant Engineering Plastic

Interface Material: Gold-plated Metal Contacts

Working Temperature: -10℃ To 60℃

Installation Method: Desktop Placement

Appearance Structure: Compact Design

◆ Product Structure

It consists of main control circuit board, multi-function interface module, operation buttons, protective shell and connecting wire, compact and reasonable layout

Material Code	Weight	Packaging
1.5.23.00.0039	0.1kg	1 piece/box

◆ Application Scenarios

Suitable for industrial control equipment, server rooms, office computers, test instruments and multimedia devices to realize intelligent signal switching

◆ Remarks
