

## Small Strobe Warning Light

### ◆ Product Description

Small strobe warning light uses high-brightness led with electronic strobe circuit to emit intense flashing light. it is compact, waterproof and dustproof for equipment status indication or safety alarm, low power and long life

### ◆ Product Advantages

- High Brightness Strobe
- Multiple Color Options
- Protection Rating Ip65
- Flexible Mounting
- Low Energy Long Life

### ◆ Product Data and Physical Performance

**Light Source:** High Brightness LED

**Housing:** Polycarbonate (PC)

**Protection Grade:** IP65

**Operating Voltage:** 12V / 24V DC

**Flash Frequency:** `

### ◆ Product Structure

Round magnet is solid cylinder or disc shape with axial or radial magnetization. surface nickel or zinc plated, chamfered edge to prevent chipping, customizable hole or plastic coating

Material Code	Weight	Packaging Method
1.5.36.00.0026	0.2kg	1 piece/box

### ◆ Application Scenarios

Small strobe light consists of led board, control circuit, focusing lens and base. housing uses pc material with sealing ring for waterproofing, bottom has screw or magnetic mounting structure.
